Restrooms

Hallways

Conference Rooms

Lobbies

Medium Space Example = 2-4 stall restroom (approximately 100 - 250 sq. feet)

Smart & Efficient Technology

Innovative Smart program ensures an equal fragrance release over 30 days. Contains a light sensor to conserve battery life so the unit only works when the room is in use. The smart chip controls the programming so the fan runs sparingly in week 1 and gradually turns more frequently over the 4 week period, helping release the same amount of air freshener daily over 30 days.

Tech Specs

Light Activated – Only runs when the lights are on
Requires one C Alkaline Battery
Removing the battery starts the program over at day one
GREEN light blinks every 15 seconds when program is running
RED light blinks when battery is low or on day 30
The word 'REPLACE' flashes on day 30
An audible beep begins on day 33 if the refill and battery have not been replaced
